

CASUALTY & LIABILITY

Everyone is liable for something
sometime...

Will you have the right professional
representing you when that time
comes?

When a liability claim is presented, your representation in the field sets the pace of the claim, and is possibly one of the most critical aspects of the claim. This is a known concept that SCI fully understands and believes in.

It is our belief that our adjusters and appraisers are your eyes and ears in the field. Your coverage determination and/or exposure is often hinged on our performance and quality of a thorough investigation.

It is our goal to provide you with a superior level of service for all types of casualty and liability claims that will not only give you confidence that the claim will not only be handled correctly, but also create a fair and amicable resolution to each claim.
